Notice of Fee Increase on October 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after October 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on October 1, 2003. See Revision of Patent Fees for Fiscal Year 2004; Final Rule, 68 Fed. Reg. 41532, 41533, 41534 (July 14, 2003).

The current fee schedule is accessible from (<http://www.uspto.gov/main/howtofees.htm>).

If the fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due" but not the correct amount in view of the fee increase, a "Notice of Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice of Pay Balance of Issue Fee," if the response to the Notice of Allowance is to be filed on or after October 1, 2003 (or mailed with a certificate of mailing on or after October 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously-paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Effective October 1, 2003, 37 CFR 1.18 is amended by revising paragraphs (a) through (c) to read as set forth below.

Section 1.18 Patent post allowance (including issue) fees.

- (a) Issue fee for issuing each original or reissue patent, except a design or plant patent:
- By a small entity (Sec. 1.27(a))..... \$665.00
 - By other than a small entity..... \$1,330.00
- (b) Issue fee for issuing a design patent:
- By a small entity (Sec. 1.27(a))..... \$240.00
 - By other than a small entity..... \$480.00
- (c) Issue fee for issuing a plant patent:
- By a small entity (Sec. 1.27(a))..... \$320.00
 - By other than a small entity..... \$640.00

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

1. The following is an examiner's statement of reasons for allowance:

Applicant's arguments filed on 7/1/2003 have been fully considered and they are persuasive. Referring to claims 1, 19-20 and 38, Applicant argues the both Blackshear and Sasaki references do not teach or suggest a control device adapted to start to execute automatic control of the video camera with transmitting image signals obtained by the automatic control to the computer terminal if the control command for the video camera is not received from the computer terminal for a predetermined period. Because the Blackshear reference discloses the controller 42 starts to execute automatic control of the video camera only after a valid command has been entered via a keypad indicating that the operator wishes the system to enter its automatic surveillance mode. The video camera continues in automatic mode until a command is entered or an alarm is activated. The Sasaki reference discloses the process for disconnecting communication with a camera controller after a predetermined period of time has elapsed. The Examiner agrees.

The prior art does not teach or fairly suggest a camera control system for controlling a video camera from a computer terminal via a network, comprising: a video transmitting device adapted to transmit image signals obtained by the video camera; and a control device adapted to control the video camera on the basis of a control command from the computer terminal; wherein said control device adapted to start to execute automatic control of the video camera with transmitting image signals obtained by the automatic control to the

Art Unit: 2612

computer terminal if the control command for the video camera is not received from the computer terminal for a predetermined period.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
 - a. Kuno U.S 6,567,121 discloses a camera control system can be programmed to start to execute automatic control of the video camera regardless whether the control command for the video camera is received or not.
